THE PUBLIC ARE CAUTIONED AGAINST
the confounded statements frequently made, "that for
composition of Chimodyns is known to Chemists and the
Medical profession." The fact is, Chicrodyne was discovered
and invanted by Dr. J. COLLIS RESUMNE (as Army Medical
Staff.) and so named by him, and it has buffled all attempts
at analysis by the first Chemists of the day. The method
and secret of the proparation have never been published. It
is obvious, therefore, that anything sold under the name,
were Dr. J. COLLIS BROWNE'S CHLORODYNE, is a spuricess inflattion.
